

# RHYTHM

## OF MACHINERY

SPECIALIZED MAGAZINE ABOUT  
MANUFACTURING EQUIPMENT  
REAL LOOK AT THE REAL  
SECTOR ECONOMY

[www.ritm-magazine.ru](http://www.ritm-magazine.ru)  
+7 (499) 55-9999-8

- RHYTHM OF MACHINERY magazine is independent publication
- More than 18 years on the market
- Circulation of 10 000 copies
- 10 issues per year
- A4 format, full color

**Our readers — manufacturers and users of industrial equipment**

#### Title

- General and Technical Directors
- Chief engineers
- Main technologists

#### Leading specialists from

- Industrial Enterprises
- Engineering companies
- Research centers
- Higher education establishments

#### Area of distribution

**We were readed in Russian, as well as in Europe countries, Asia and America**

#### The main distribution channels

- Paid subscription
- Target distribution of the magazine
- The most important industrial exhibitions, forums and conferences

**RHYTHM OF MACHINERY magazine is information partner of all the exhibitions, listed thematically**

#### Our competitive advantages

- ✓ Presentation of the magazine exhibitions in Russia and abroad
- ✓ Reviews of trends in the development of domestic and foreign machine manufacturing
  - Business practices
  - New technology and R&D
  - Modern financial instruments of the purchase of equipment
- ✓ Information on updates and zeitgeist trends in metalworking area
- ✓ Publication of conceptual, theoretical and practical and promotional items
- ✓ We are exploring the markets of the industrial equipment in various aspects by:
  - preports from enterprises of various forms property;
  - interview with Director General, Chief engineers and chief technology of enterprises;
  - regional reviews
- ✓ Engineering Breaking News
- ✓ The most significant exhibitions and other events
- ✓ Image advertising and articles of our partners
- ✓ The active position, initiative and readiness magazine staff to new developments
